Dear Brethren,

April 18<sup>th</sup> 2010

The Lord Jesus said, "My sheep hear my voice and I know them and they follow me:" We follow Him because we love Him. This bond is what we attempt to convey to the world and the convicts here in Texas.

I attended my first Volunteer Appreciation Banquet on March 25<sup>th</sup>. Since the State Chaplain is Roman Catholic it was held at the Catholic church fellowship hall. (I didn't even know they fellowshipped) After all the awards were handed out, Warden Reagan, who is a Baptist got up and preached the gospel for about twenty minutes. It was great.

It's a joy to be back down in G.R.A.D. The staff is all different but the Holy Ghost is still there to convict and encourage. Please pray for a convict named Nathan down there. I told him I could drop dead right there and not worry about going to hell. He said, "Please don't do it here! With this capital murder charge they'll find some way to blame me!" We both laughed. Also pray for Jesse. God has his attention.

Its also great to be back down in PC. (Protective Custody) These men are segregated from everyone. Some are ex-cops, weirdos, psychos, and active gang members. Please pray for a gang member named Jason. The Spirit of God touched his heart.

We sing the song, "God leads His dear children along." He does the work. We just try to obey. Thank you all! Please continue to pray for the work here and physical strength to get it done.

Brother Mike.
