March - April 2010

Evangelize the People,

Equip New Believers,

Establish New Churches

King James Version only Independent Fundamental Separated
Soul-winning Baptist

Dear Brethren,

We have just finished another Lord's day today, April 25th. I thought I would take some time to get another letter done, so I can get it mailed out on time, this month.

I apologize for the delay in the last letter. I had it done early, but it was several weeks before we got to the border to get it mailed. The cost is about half, to mail our U.S. ones there, so it seems wise to wait until we can get there. Sorry for any inconvenience.

Safety is of the Lord

Around March 1st, I was on my way in to town early in the morning and the roads were a sheet of ice. I saw something in my lane. I started slowly veering into the other lane, when I realized it was a skunk. Not wanting to run into it, I hit my brakes. My brakes were vibrating bad and the roads were so icy, that the car just started sliding. I knew I was going in the ditch, so I braced myself for a crash. To my surprise when the car hit the edge of the pavement, there was a little drop and the car tipped over. It slid about 30 feet or so on the roof in the ditch while things were pummeling the windshield. I was waiting for something to come through the window and behead me and put me in the presence of the Lord. By God's grace the window and roof held up enough, and I walked away without a *scratch*. I can't say the same for the car.

I tell you that for this

reason. Your prayers make a difference!! We never know what a brother or sister may face in any given day. I know we don't always see how God is answering our prayers but he often does in ways we don't even know. I think we might be surprised when we get to heaven someday to find out what they really accomplished. Don't be discouraged, Keep on praying!!

On April 15th, Charity and I celebrated our 10th anniversary. I am amazed and blessed that she has been able to put up with me that long.

We had only been married a year and a half when we packed up the few belongings we had and started deputation. The next 18 months we lived with family or friends, or in a motel on the road. There were many nights we slept in the car because we had no place to stay and no money. I remember one specific night when she was a month from having Mackenzie we spent the night with the 2 baby boys sleeping in our 1990 Honda Civic. It was a blessing to get to spend the next two years in a 32' travel trailer. At least we had a bed to lay on! Once we finally got to Canada we stayed with

family for another year before finally having a place of our own.

As I look back, I realize how blessed I am to have a wife that loves me and supports me in the ministry. I honestly can say I may not be here now if it were not for her. She has kept me going and encouraged me many times when I was struggling to go on.

"LOOKING FOR"

I preached this morning on "Looking for that blessed hope". What a hope we have to look forward to as Christians, "the glorious appearing of the great God and our Savior Jesus Christ". As His children we ought to be "looking for" him, yet I dare say too often we are looking forward to *other things*. If he returns today the other things will not matter. I wonder how differently we would live our lives day to day, if we really expected Him to return even this year. I believe we all would read more, pray more witness more and just simply be more faithful. I believe there'd be some changes many would make in their lives if they new He would be back this year. I believe many that are not sure of their salvation, or know they are lost, would get saved. Why not make the change now? Why not get saved now? It may be this year, it could be today. May God help each us to live each day, "looking for" his return.

Your Laborers in the field,

The Seely Family
Doug, Charity, Cole, Jordan,
Mackenzie, Ethan, Tanner, &
Sydney
